

"HEAD-IN-THE-SAND" HOUSE

Ted House and his SCCFPS PAC hide from the truth

TED SAYS:

"Their premise that our local schools are engaged in 'ideological subversion' is absurd"

(<https://tinyurl.com/43xpvueu>)

"It's just part of an overall effort to tear our school districts apart and privatize education"

(<https://tinyurl.com/ywcvvyxj>)

"We seek to build a nonpartisan movement and welcome independents, Republicans, Democrats, conservatives, liberals and moderates who support public education."

(<https://tinyurl.com/bddctczf>)

THE TRUTH IS:

We Have the Receipts

Maybe Mr. House should read our site:

- "Francis Howell pushes CRT Social Justice agenda in middle school"
- "FHSD Public/Private Presentations on Black History Curriculum"
- "Critical Race Theory in Francis Howell - the Evidence"
- "Francis Howell parent speaks out on political indoctrination"
- "Board votes to rescind 'Social Justice' standards from SPLC"

Our Candidates Are Invested in FHSD

Adriana Kuhn and Sam Young have kids in FHSD and actively participate in the district. Neither has expressed any desire to privatize education. Mr. House's claim is false and an attempt to distract from the harm progressive ideology is doing to public education.

Ted House is a Partisan Democrat

The former superintendents in his PAC are Democrats. His support comes from Democrats. PACs aligned with him are run by Democrats. The candidates his PAC supports are progressive in their policies and ideology. No Republicans lead or endorse his PAC's activity.
